* Angler dependent for Brook Trout only

All of our meals are served with a wide variety of vegetables, and rice, pasta or potatoes. Your party must decide together on food selections, as individual suppers are not served. For lunch, we will serve deli-slice meats and cheese in a tortilla, fruit, and a snack. A light breakfast will include a variety of breakfast foods and fruit like bagels, English muffins, pancakes, or oatmeal. Breakfast will not be served on the first day, and supper will not be served on the last day.

Please all meals that appeal to your party. If this is not a "private" trip, then it is possible you will not receive all of your choices. We will do our best to give every party some of their choices. Please list any food allergies or dislikes on the back page.
